

# ZUBAIR KHAN

## Frontend Developer

+92-3700541774 • zubairafridi2312@gmail.com • <https://www.linkedin.com/in/zubair-khan-web-developer>  
• <https://github.com/zubi-afridi>

### Education

#### International Islamic University Islamabad

BS in Software Engineering | CGPA: **3.73** / 4.00

09/2020 - 09/2024

- **Secured** the top position in both my class and department throughout the program.
- **Earned** a merit-based laptop through the Prime Minister's Youth Laptop Scheme (PMYLS) in 2023.

### Skills

**Hard Skills:** HTML • CSS • JavaScript • React.js • Redux • React Router • Tailwind CSS • Chakra UI • Bootstrap • Git • GitHub • JSON • Vite

#### Soft Skills:

Communication • Problem-Solving • Teamwork and Collaboration • Adaptability • Attention to Detail • Time Management • Critical Thinking

### EXPERIENCE

#### Interns Pakistan

Remote

Frontend Web Developer

09/2023 - 10/2023

- **Completed** over 350+ mini tasks and **worked on** 2 complete projects, focusing on creating, debugging, and refining code for various web components.
- **Learned** and **applied** HTML, CSS, JavaScript, and Bootstrap to develop responsive and efficient web pages.

#### Insilium Labs

Onsite

React.js Intern

05/2024 - 08/2024

- **Created 4 projects**, including a TodoList app, Weather app, Scientific Calculator, and a company-specific solution, applying 70% of React.js concepts. **Collaborated with the team** and **leveraged mentorship from senior developers** to refine skills and achieve project goals.
- **Worked** with React.js, React Router, Redux Toolkit, HTML, CSS, JavaScript, Chakra UI, and Bootstrap to build responsive web applications.

### Projects

#### Portfolio Website

<https://github.com/zubi-afridi?tab=repositories>

- **Designed and developed** a fully responsive personal portfolio website, ensuring seamless user experience across various devices and screen sizes.
- **Implemented** the website using HTML, CSS, and JavaScript, focusing on clean, efficient code and best practices for front-end development.

#### Task Manager App

<https://todo-app-zubair-khan.netlify.app/>

- **Created** a To-Do List app with **React**, **Redux Toolkit**, and **Vite**, **featuring** task management (add, edit, delete, toggle), **integrated** dark/light modes, and **ensured** responsive design.

#### Weather App

<https://zubair-weather-app.netlify.app/>

- **Engineered** a responsive Weather App using **React**, **Vite**, and **Tailwind CSS**, **leveraging** the **Open Weather API** to deliver real-time weather data for multiple cities.

#### Social Media App

<https://social-media-app-zubair-khan.netlify.app/>

- **Built a responsive social media app** with Vite, React, and Bootstrap for posting and viewing content, using a JSON server for efficient data management.
